2019-0145

Misuse of Public Equipment on Private Property in early 2018, when the Parish performed clearing and ditch work that was to be done by the developer of River Road Estates Subdivision shown on the construction plans, done by the Parish under the false pretense that it had a historical servitude in the work area, which documents obtained through normal channels and through public records request confirmed that the Parish has no historical servitude and that the first time the Parish ever performed work in this area was when it performed the illegal work in 2018, which is supported by a conversation had with two of the family members whose family owned the property from 1936 until sold for subdivision development in 2004, who stated that they have no knowledge of the Parish ever having worked on their property.
